

# Northpoint Pediatrics:

INDIANAPOLIS PRACTICE STANDS OUT BY OFFERING ACCESSIBILITY SEVEN-DAYS-A-WEEK TO FOSTER COMPREHENSIVE PEDIATRIC CARE

Writer // Janelle Morrison • Photography // Laura Arick

Finding accessible and responsive pediatric care that helps your kids to develop healthy habits and lifestyles shouldn't be one of the many challenges of modern-day parenting. The pediatricians and staff at Northpoint Pediatrics couldn't agree more.

**N**orthpoint Pediatrics, established in 1987, is a large practice comprised of a skilled team of pediatricians and nurse practitioners (NPs) and other professionals that work together to make a difference daily in the lives of children and their parents by giving convenient high-quality healthcare and helpful advice.

### Patient Services Available at Northpoint Pediatrics

Northpoint has a comprehensive list of pediatric services that include weekend walk-in clinic for sick kids, wellness check-ups and routine screenings. Northpoint Pediatrics provides specialized services such as acne care, sports services including concussion management, asthma care and child psychology services. Additionally, Northpoint Pediatrics has two internationally board-certified lactation consultants (IBCLC) to support you and your baby.

Dr. Curnow emphasized that one of the most important aspects about med-

ical care is access. "We are open seven days a week. In addition to weekday appointments we provide our patients the opportunity to see us Saturday mornings and Sunday evenings."

### What Differentiates Northpoint Pediatrics from Other Practices?

Dr. Moore said, "Our job is to look at the family and all of the components so that we can help your child be the healthiest they can be in terms of screenings, management of risk factors and developing healthy habits and lifestyles. We do a lot with behavioral health and help families navigate through issues. We are a resource to provide care to our patients, and it is part of our job to help them access that care, which is why our seven-days-a-week accessibility is a big part of what makes our practice stand out."

### Learn More

Northpoint Pediatrics offers complimentary visits to get acquainted with the pediatricians and staff. At these visits,

“Everyone is very friendly. We always are seen in a timely manner. All of the doctors we have seen have been wonderful! (as well as the Nurse Practitioners) They all seem to really listen to the patient (or mom) and take care when making a diagnosis. I always feel confident when I leave this office (with or without a prescription) that my child was under superb care.” —**Maggie G.**

you will have the opportunity to meet with one of the physicians and ask any questions you may have. Call Elise, New Patient Coordinator at 317-621-9104 or email [EMickler@ecommunity.com](mailto:EMickler@ecommunity.com).

The practice hosts a recurring monthly event called Baby in Bloom for expectant parents who are looking for a pediatrician. Attendees will get a fabulous swag bag, meet and ask questions of the pediatricians and tour the office on 146th Street. Included is the opportunity to hear presentations on baby basics taught by Northpoint's physicians. Interested parents can easily register for Baby in Bloom online at [https://www.northpointpeds.com/parentinformation/expectant\\_parents](https://www.northpointpeds.com/parentinformation/expectant_parents) or call Elise at 317-621-9104 or email [EMickler@ecommunity.com](mailto:EMickler@ecommunity.com) ●
